VASSEL GOLEYU

Tangerang, Indonesia | vassel.jgo@gmail.com | linkedin.com/in/vassel-goleyu

CAREER OBJECTIVE

Vassel is a detail-oriented, curious, and leadership-driven Informatics student with a background in full stack web development and experience in program planning, event management, and community engagement. Skilled in building web applications with Laravel, MySQL, and REST APIs, and in leading teams across divisions and stakeholders. Turning ideas into secure, scalable, and meaningful solutions is what he wants to bring and further develop at a professional level.

EDUCATION

Multimedia Nusantara University

Bachelor of Informatics | Aug 2024 - Aug 2028 (Expected)

EXPERIENCE

Full Stack Web Developer at UMN Medical Center

Feb 2025 - Dec 2025

- Developed and maintained web applications using Laravel (PHP), HTML, CSS, JavaScript, and MySQL for digital platforms.
- Integrated REST APIs and JSON, built responsive interfaces, and implemented authentication and authorization with secure, scalable, and optimized performance.

Health Center Staff at UMN Medical Center

Feb 2025 - Dec 2025

- Provided direct medical care to 10-40 patients daily, maintained accurate patient records, and collaborated with healthcare providers on treatment plans.
- Ran health education initiatives and shared preventive strategies to promote a healthier campus community.

President at Duta Anti Narkoba UMN

Jan 2025 - Dec 2025

- Led a student organization promoting an anti-drug lifestyle, running Anti-Narkoba Week (orphanage visits, donation drives, blood donations), school outreach, and Awarding Night.
- Coordinated with health sectors, campus leaders, and the local community to build awareness about health and drug-free living.

Supervisor Mister & Miss UMN at BEM UMN

Jan 2026 - Present

- Designed the entire theme concept of Mister & Miss UMN for the year and supervised the progress of the Executive Committees to ensure every program stayed aligned with the Grand Design.
- Upheld the Mister & Miss values of 3M, 3B, and 5S and ensured all activities complied with UMN administrative regulations.

Event Organizer at HMIF UMN

Sep 2024 - Nov 2025

- Planned and managed three flagship programs for Byte 2025: Horizon (technology exhibition), Fuse (sports competition), and Infinite (grand finale), overseeing event flow and logistics.
- Facilitated Infinite 2024 for around 500 students, managed timelines, and developed six interactive games to boost participation.

Event Organizer at UMN English Student Council

Mar 2025 - Jul 2025

- Designed and coordinated three UNITY 2025 competitions (Scrabble, Speech, Debate) and also served as English-language Semi-Formal MC alongside a co-host.

Event Organizer at Alive 11.0

Feb 2025 - Nov 2025

- Designed a mental health seminar for Alive 11.0, coordinated speakers, and organized the event flow.
- Served in the Academic Division of ISFEST 2025 (HIMSI UMN): helped organize academic competitions, drafted rules and guidelines, and coordinated with judges.
